1. **Tweet Source**

   As we can see most of the Tweets came from iPhone or a mobile device (7900 approx.), as compared to Web Client.

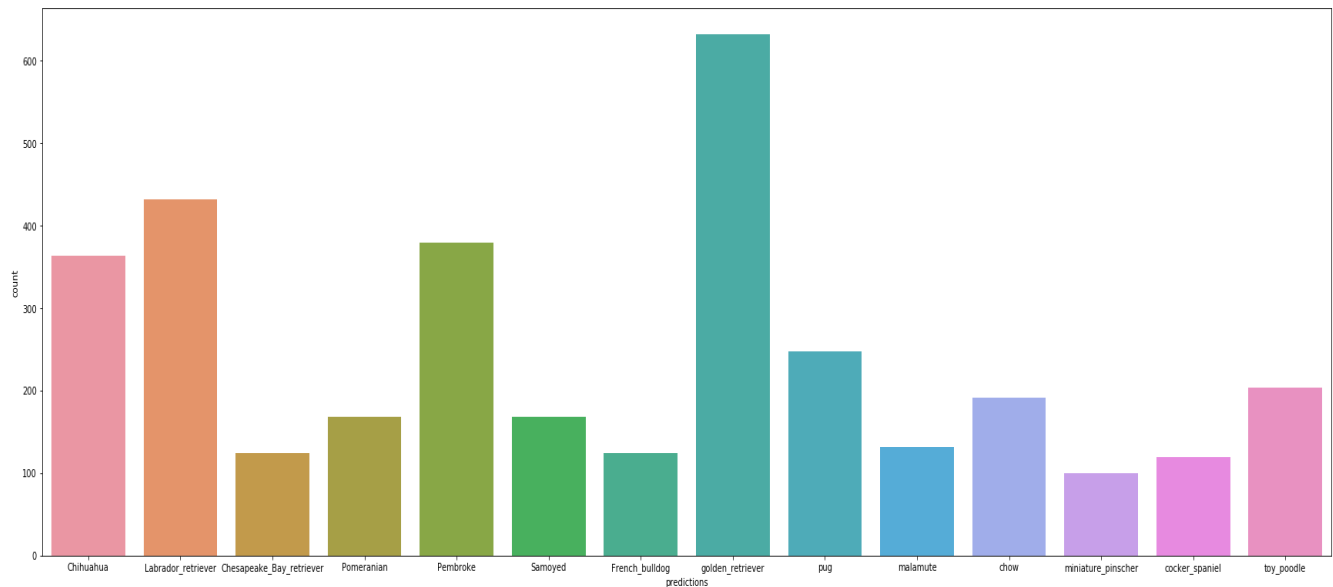

2. **Retweets vs Favorites**

   As the count of retweets goes high the count of favorites for that particular tweet is high as well.
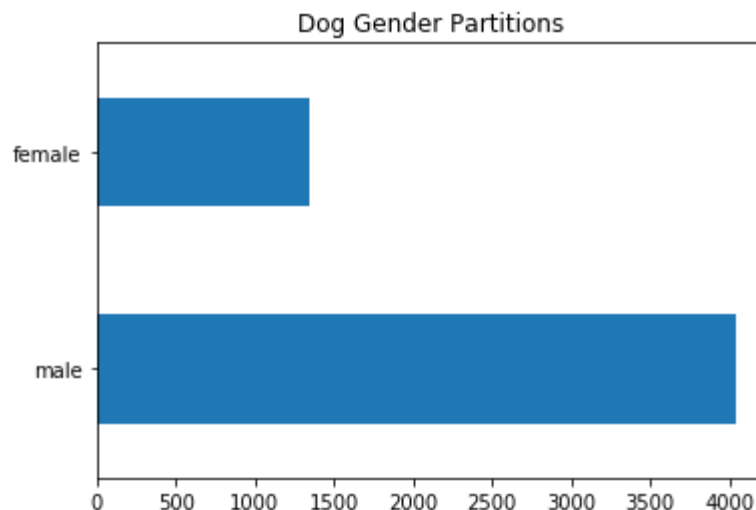

3. Popular Dog Breeds

Chart shows the popular Dog breed is Golden Retriever (640) followed by Labrador (430).

4. Gender

As the chart shows we have more male dog in the dataset as compared to female.

Dog Gender Partitions

Conclusion: The Twitter account WeRateDogs (@dog_rates) is devoted to humorously reviewing pictures of dogs doing adorable poses. Dogs are rated on a scale of one to ten, but are invariably given ratings in excess of the maximum, such as "12/10". It has acquired over 4.50 million followers since its debut.

If you are thinking of adopting a dog, get a Golden Retriever - which is the most popular dog.
